

# 2022 UNITED WAY CAMPAIGN

*While so much has changed during the past few years, one thing that remains the same is our **LIVE UNITED** spirit.*

In place of United Way company meetings this year, we will be holding a “rollover” campaign.

**If you are currently donating to United Way via payroll deduction or bill at home, your pledge will automatically be renewed for the 2022 campaign. New payroll deductions/billings will begin in January of 2023.**

This allows United Way to continue its support of 80+ programs and services through 33 agency partners, grants and initiatives to help those in greatest need.

**If you would like to:**

- **make any changes to your current pledge**
  - **opt out of the rollover**
  - **become a new donor**
- please request a pledge form from**

**by**

***Thank you for continuing your pledge.***

**United Way of Berks County**
