INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors
United Way of Berks County, Inc.
Reading, Pennsylvania**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of United Way of Berks County, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of United Way of Berks County, Inc. as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Way of Berks County, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 of the financial statements, in 2022, United Way of Berks County adopted FASB ASC 842, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of Berks County, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of Berks County, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of Berks County, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 9, 2023, on our consideration of United Way of Berks County, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of United Way of Berks County, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way of Berks County, Inc.'s internal control over financial reporting and compliance.

UNITED WAY OF BERKS COUNTY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

United Way of Berks County, Inc. (the "Organization") is a Pennsylvania non-profit organization whose mission is to improve lives by inspiring collaborations, volunteerism, and financial support to build a stronger community. Founded in 1925, the Organization has addressed Berks County's most important health and human services needs for nearly 100 years.

United Way of Berks County, Inc. develops and supports health and human service programs that address our community's most pressing needs through four focus areas of Education, Financial Stability, Health, and Safety Net Services. The Organization partners with Berks County leaders, businesses, educational communities, government and faith-based supporters, non-profit organizations, volunteers, and donors to develop innovative solutions that address our community's immediate needs as well as long-term community solutions. By coming together around common objectives, we create lasting systemic change that transforms lives and builds a stronger community for us all to live, work, and raise our families.

Through an annual fundraising campaign conducted primarily by volunteers, the United Way of Berks County, Inc. raises money from individuals, workplace campaigns, corporate giving, and foundation grants to make services provided by the Organization and by other area partners and not-for-profit health and human service organizations possible. United Way of Berks County, Inc.'s annual fundraising campaign generates revenues to support programs and services in the local community in the subsequent calendar year. United Way of Berks County, Inc.'s fundraising efforts also include special efforts to respond to emerging issues and strategic initiatives as well as the development of endowment resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America (U.S. GAAP).

Cash

At year end and at various times during the year, the Organization had cash balances in excess of the federally insured limit in its primary operating bank account. For purposes of the statements of cash flows, the Organization considers all highly-liquid investments with a maturity of three months or less to be cash equivalents.

Certificates of Deposit

The Organization purchases certificates of deposit with its excess operating funds. While some certificates of deposit are purchased at local banks, the majority of the funds are invested through a local bank, on a reciprocal basis, through the Certificate of Deposit Account Registry Service. This program allows the Organization to invest in multiple banks, at competitive rates, so that all the excess funds invested through this program are FDIC insured. The Organization maintains a certificate of deposit ladder with most certificates maturing on a three-year basis.

Pledges and Other Receivables

Pledges and other receivables are recognized as revenues and assets in the period received. Conditional pledges are recognized only when the conditions on which they depend are substantially met.

Allowance for Uncollectible Pledges and Other Receivables

The Organization uses the allowance method to determine uncollectible unconditional monies receivable. The allowance is computed based on a four-year historical average adjusted by management's estimates of current economic factors applied to gross campaign estimates.

Investments

Investments in equity securities with readily determinable fair values and investments in debt securities are measured at fair value in the statements of financial position. Investment income or loss, including gains and losses of investments, interest and dividends, and investment fees are included in the statements of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law.

Investments are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of financial position.

Leasehold Improvements, Furniture, Fixtures, and Equipment

Purchases of new leasehold improvements, furniture, fixtures, and equipment are recorded at cost. The Organization's policy is to capitalize any assets in excess of \$500 with an estimated useful life of more than one year. Donations of new furniture, fixtures, and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use and conditional contributions of cash that must be used to acquire furniture, fixtures, and equipment are reported as donor restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies donor restricted net assets to net assets without donor restrictions at that time. Leasehold improvements, furniture, fixtures, and equipment are depreciated using the straight-line method over their estimated useful lives as follows:

Leasehold improvements	7 years (or estimated life of lease)
Furniture and fixtures	5 years
Equipment	3 years

Maintenance and repairs of property and equipment are charged to operations and major improvements are capitalized. Upon retirement, sale, or other disposition of leasehold improvements, furniture, fixtures, and equipment, the cost and accumulated depreciation are eliminated from the accounts and a gain or loss is recorded.

Leases

The Organization leases office space. The Organization determines if an arrangement is a lease at inception. In evaluating contracts to determine if they qualify as a lease, the Organization considers factors such as if they have obtained substantially all of the rights to the underlying asset through exclusivity, if they can direct the use of the asset by making decisions about how and for what purpose the asset will be used, and if the lessor has substantive substitution rights. This evaluation may require significant judgment. The office space is included in right-of-use ("ROU") asset - operating lease and operating lease liabilities on the statements of financial position.

The Organization elected the practical expedient to not recognize ROU assets and liabilities for operating leases with shorter than 12-month terms. These leases will be expensed on a straight-line basis, and no operating lease liability will be recorded.

The Organization elected the practical expedient to use the risk-free rate as the discount rate for all leases based on the information available at commencement date in determining the present value of lease payments.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent their obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The Organization uses a risk-free rate based on information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The Organization's lease terms may include options to extend or terminate the lease when it is reasonably certain that they will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

Variable lease costs are not included within the measurement of the lease liability as they are entirely variable and the difference between the portion captured within the lease liability and the actual cost will be expensed as incurred. There are no associated variable lease costs with the leases noted above.

The Organization's lease agreement does not contain any material residual value guarantees or material restrictive covenants.

Net Assets

The Organization is required to report information regarding its financial position and activities according to two net asset classes:

- *Net Assets Without Donor Restrictions* are available for use at the discretion of the Board and/or management for general operating purposes. From time to time the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion.

See Note 8 for more information on the composition of net assets without donor restrictions.

- *Net Assets With Donor Restrictions* consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions.

The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statements of activities as net assets released from restrictions.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy.

See Notes 9 and 10 for more information on the composition of net assets with donor restrictions and the release of restrictions, respectively.

Revenue Recognition

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers* ("ASC 606"), the Organization recognizes revenue when control of the promised services is transferred to the Organization's outside parties in an amount that reflects the consideration the Organization expects to be entitled to in exchange for those services. The standard outlined a five-step model whereby revenue is recognized as performance obligations are satisfied.

Except for tuition fees the Organization's revenue from program service fees, events, and merchandise income, and other contracts is minimal. Most of the Organization's revenue is from contribution revenue.

Tuition Fees

The Organization offers a limited number of classes available for individuals to register for and attend at a cost. A full refund is provided if a registrant cancels their registration prior to the start of the class. Refunds are typically not issued after the sessions have begun. Individuals with financial need may be eligible for a discounted rate. Under ASC 606, management considers tuition fees to be a contract with a customer. Revenue by class type is as follows:

Single Class

Single classes can be paid for in advance or, at times, at the time of the class. Fees must be paid by the start of the class. The tuition fee is recognized when the class/program occurs, and the performance obligation is met.

Multi-Session Class

Multi-session classes must be paid for in advance. A contractual obligation is created at the time of registration between the Organization and the class registrant. The sessions provided are the performance obligations. The number of performance obligations depends on the number of sessions provided for the class. The transaction price will vary based on the type of class provided. The performance obligation for the class is satisfied ratably over the sessions for each class/program with revenue being recognized based on the allocation per session as each session is completed.

Deferred revenue related to the program totaled \$50,000 and \$28,472 for the years ended December 31, 2022 and 2021, respectively.

Contribution Revenue

The Organization recognizes revenue from contributions in accordance with Accounting Standards Update (ASU) 2018-08 *Not-For-Profit Entities* (Topic 958); *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. In accordance with ASU 2018-08, the Organization evaluates whether a transfer of assets is (1) an exchange transaction in which a resource provider is receiving commensurate value in return for the resources transferred or (2) a contribution. If the transfer of assets is determined to be an exchange transaction, the Organization applies guidance under ASC-606. If the transfer of assets is determined to be a contribution, the Organization evaluates whether the contribution is conditional based upon whether the agreement includes both (1) one or more barriers that must be overcome before the Organization is entitled to the assets transferred and promised, and (2) a right of return of assets transferred or a right or release of a promisor's obligation to transfer assets.

The Organization recognizes contributions received and made, including unconditional promises to give, as revenue in the period received or made. Contributions received are reported as either revenues without donor restrictions or revenues with donor restrictions. Promises to contribute that stipulate conditions to be met before the contribution is made are not recorded until the conditions are met.

In November 2020, the Organization was notified by representatives of a philanthropist that it would be receiving an unrestricted gift of \$10,000,000. The gift is being spent over multi-year periods via grants to outside organizations and Board approved expenditures to support internal programs. Since 2021, grants have been awarded in the following areas:

- **Immediate COVID Response Fund** - Provide one-time grants to support basic needs (food, homeless prevention, medication, diapers, formula, etc.); Support of working families (quality childcare, remote learning centers, etc.); Unrestricted Operating Costs due to loss of revenue from cancelled fundraising; Agency Resiliency (continuity/disaster recovery plans, technology, training, etc.).
- **Impact Grants** - Provide awards to organizations/collaborations addressing COVID related high need areas/impacted populations through programs and services. Impact grants will be used to expand/increase service delivery, provide resources to take programming to a new level, develop new programming, etc.
- **"Focus" Grants** - Provide awards to sustainable collaborative efforts or non-profits engaged in addressing poverty, educational attainment, workforce readiness, social determinants of health, etc.

Grants

Support received under grants with Federal, State, and Local agencies are considered nonreciprocal transactions and follow the guidance for contributions. These grants are recorded as public support when the conditions are met, including incurring related costs and/or meeting program requirements. Grants receivable represent amounts due for expenditures incurred or program requirements met prior to year-end. Deferred revenue represents cash received in advance of the conditions being met. There was no deferred revenue related to grants at December 31, 2022. Deferred revenue related to grants totaled \$7,644 at December 31, 2021.

Sponsorships

Support received from sponsorships solicited by the Organization, in support of organizational activities which enhance the mission of the organization, are considered nonreciprocal transactions and follow the guidance for contributions. Sponsorships support activities in the current fiscal year in which the solicitation occurs. In most cases, the sponsorships cover costs related to the annual campaign activities; others are focused on program activities. Sponsorships are either provided by individuals or companies. At the end of each fiscal year, sponsorships are closed out. If any dollars are left unused, the dollars are treated as restricted by the Organization and are available to support the same activities in the following fiscal year.

Contributed Nonfinancial Assets

The Organization records the estimated fair value of contributed nonfinancial assets related to its operations, which was \$62,108 and \$123,899 for the years ended December 31, 2022 and 2021, respectively.

A substantial number of volunteers have donated significant amounts of their time and services to the activities of the Organization without compensation. For the years ended December 31, 2022, and 2021, approximately 27,906 hours and 22,251 hours, respectively, were donated. No amounts have been reflected in the financial statements for volunteer donated services since no objective basis is available to measure the value of such services.

No amounts have been included in the accompanying financial statements for the Organization's share of the advertising managed by United Way Worldwide which promotes the United Way network's shared mission on nationally broadcast television including the National Football League (NFL), and the Ad Council, etc.

Functional Expenses Allocation

The statements of functional expenses presents Organizational expenditures based by function and natural classification. Expenses directly attributed to a specific functional area are reported as costs in those specific areas. Costs benefiting multiple functional areas are allocated based on the proportion of full-time equivalents.

Tax-Exempt Status

The Organization has been granted tax-exempt status by the Internal Revenue Service under Section 501(c)(3) of the Internal Revenue Code. The Organization files federal and state information returns as required. There is no current year provision for federal or state income taxes.

In accordance with generally accepted accounting principles, the Organization accounts for uncertain tax positions relative to unrelated business income, if any, as required.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses, including functional allocations, during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through May 9, 2023, the date the financial statements were available to be issued.

Adoption of Accounting Pronouncements

The Organization adopted FASB ASU No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The new ASU requires the Organization to present contributed nonfinancial assets, including fixed assets (such as land, buildings, and equipment), use of fixed assets or utilities, materials and supplies, intangible assets, services, and unconditional promises of those assets, as a separate line item in the statements of activities, apart from contributions of cash and other financial assets. It also requires disclosures of a disaggregation by category of nonfinancial assets, including whether used or monetized, policies and/or a description of the programs or other activities in which those assets were used, a description of any donor restrictions associated with nonfinancial assets, a description of the valuation techniques and inputs used to arrive at the fair value measure for initial recognition, and the principal market used to arrive at the fair value measure if it is a market in which the Organization is prohibited by a donor-imposed restriction from selling or using the contributed nonfinancial assets. This standard is effective for fiscal years beginning after June 15, 2021. The Organization adopted this standard for the year ended December 31, 2022, with a retrospective application as of December 31, 2021.

In February 2016, the Financial Accounting Standards Board ("FASB") issued guidance (Accounting Standards Codification ("ASC") 842, *Leases*) to increase transparency and comparability among organizations by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statements of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

UNITED WAY OF BERKS COUNTY, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Adoption of Accounting Pronouncements - continued

The Organization adopted the standard effective January 1, 2022 and recognized and measured leases existing at, or entered into after, January 1, 2022 (the beginning of the period of adoption) using a modified retrospective approach, with certain practical expedients available. Lease disclosures for the year ended December 31, 2021 are made under prior lease guidance in FASB ASC 840.

The Organization elected the available practical expedients to account for their existing capital leases and operating leases as finance leases and operating leases, respectively, under the new guidance, without reassessing (a) whether the contracts contain leases under the new standard, (b) whether classification of capital leases or operating leases would be different in accordance with the new guidance, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement. The Organization also elected the practical expedients disclosed in the lease policy footnote on page 24.

As a result of the adoption of the new lease accounting guidance, the Organization recognized on January 1, 2022 (beginning of the year of adoption) a lease liability of \$2,036,939, which represents the present value of the remaining operating lease payments of \$2,414,534, discounted using either the implicit rate or the risk-free rate, and a right-of-use asset of \$2,036,939, which represents the operating lease liability.

The standard did have a material impact on the Organization's statements of financial position but did not have a material impact on the Organization's statements of activities or statements of cash flows. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases.

NOTE 3 - LONG-TERM INVESTMENTS AND FAIR VALUE MEASUREMENTS - CONTINUED

Generally accepted accounting principles establish a framework for measuring fair value. The primary effect of fair value measurement on the Organization was to expand the required disclosures pertaining to the methods used to determine fair values.

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets and liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Long-Term Investments

Schwab holds the investments of United Way of Berks County, Inc. in accordance with the investment policy of the Organization. The policy restricts the investments to cash, fixed income, and equity securities which are publicly traded. The investments are valued at the quoted market value for shares held at year end.

Beneficial Interests in Perpetual Trusts

United Way of Berks County, Inc. is the beneficiary of four trusts, three of which are managed by banks, and the fourth which is managed by the Berks County Community Foundation. The banks and Foundation hold the investments in diversified and balanced portfolios consisting of cash and money market funds, corporate and government debt securities, equity securities, mutual funds, fixed income mutual funds, and limited investment partnerships. These investments are valued by the trust managers based on the quoted market prices for shares held or current bid price of held funds.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its reliance on the valuation methods of the banks and Foundation are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the United Way of Berks County, Inc.'s assets at fair value as of December 31:

	2022			Total

NOTE 6 - PAYCHECK PROTECTION PROGRAM

On April 13, 2020, the Organization received a Paycheck Protection Program Loan (the "PPP Loan") from a qualified lender totaling \$422,411. This loan program was implemented by the U.S. Small Business Administration ("SBA") under the Coronavirus Aid, Relief, and Economic Security Act. The PPP Loan bears interest at a fixed rate of 1.0% per annum, has a term of two years, and is unsecured and guaranteed by the SBA. On June 5, 2020, the Paycheck Protection Flexibility Act (the "Act") was signed into law, which allows the Organization and the lender to amend certain terms of the loan in accordance with the Act. The Act also extended the repayment deferral period, which is now defined as (1) when the loan forgiveness is determined by the SBA, or (2) ten months after the end of the borrower's covered period if forgiveness is not requested. The principal amount of the PPP Loan is subject to forgiveness under the Paycheck Protection Program upon the Organization's request to the extent that the PPP Loan proceeds are used to pay expenses permitted by the Paycheck Protection Program.

The Organization initially recorded a note payable upon receipt of the PPP Loan and subsequently recorded forgiveness when the loan obligation was legally released upon notification by the SBA in March 2021. The \$422,411 forgiven is recognized as loan forgiveness income in the statements of activities for the year ended December 31, 2021.

NOTE 7 - LEASE AGREEMENT

The Organization leased its office facility under a noncancelable agreement, which expired on December 31, 2021. The lease required monthly minimum rentals of \$12,946 and provided that the lessee maintains and pays for comprehensive general public liability insurance.

In June of 2021, the Organization entered a sublease arrangement for its new office facility. The term of the sublease is for a period of fifteen (15) years and four (4) months, expiring on the date that is fifteen (15) years after the rent commencement date. The organization has a renewal option of one (1) additional five (5) year period.

The fixed minimum rent was abated for the first four (4) months of the initial term and commencing on the date that is four (4) months after the rent commencement date, a fixed minimum rent for the remainder of the first year of the initial term in equal monthly installments. Beginning on the first anniversary of the commencement date and continuing each succeeding anniversary through and including the option term, the annual fixed minimum rent will increase by one percent (1%). The initial term commenced on March 1, 2022. The rent commencement date under the lease is July 1, 2022. The initial term will expire on June 30, 2037. At this time, it is unlikely the Organization will initiate the renewal option of the lease.

NOTE 11 - ENDOWMENT FUNDS

The Organization's endowment consists of 15 donor-restricted sub-funds and one board-designated sub-fund, all of which are to be held indefinitely, with the income expendable for operations as directed by donors or the board of directors. As required by generally accepted accounting principles, net assets associated with the endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 11 - ENDOWMENT FUNDS - CONTINUED

Interpretation of Relevant Law

Though the Commonwealth of Pennsylvania has not fully adopted the Uniform Prudent Management of Institutional Funds Act (UMIFA), the Organization considers the guidance in the management and investment of funds. The Organization classifies as net assets with donor restrictions (a time restriction in perpetuity) the original value of the gifts donated to the donor restricted endowment. Investment income from the donor restricted endowment is classified as net assets with donor restrictions (a purpose restriction) until those amounts are appropriated for expenditure by the Organization in a manner consistent with the donor stipulated purpose within the standard of prudence followed by the Organization.

Investment Policy

The goal of the Organization's investment policy, which follows a total return investment strategy, is to conserve and enhance the capital value of the fund, in real terms, through asset appreciation and income generation while maintaining a moderate level of risk. Under the investment policy approved by the board of directors, the endowment assets are invested 50% to 80% in equity securities and 20% to 50% in fixed income securities. The Organization expects its endowment funds, over time, to provide an average rate of return that meets or exceeds the returns of the MSCI ACWI Index and the Bloomberg Barclays Aggregate Bond Index that most closely mirrors the securities held in the portfolio. The Organization's actual returns may vary from this amount in any given year.

Spending Policy

The Organization has a board-approved spending policy that allows the operating fund to receive and recognize investment earnings originating from the endowment fund. As of December 31, 2022 and 2021, the board-approved spending policy was 4.25% of the rolling five-year average of the market value of the trust as of September 30th of the prior year.

Underwater Endowments

The Organization considers a sub-fund to be underwater if the fair value of the sub-fund is less than the sum of the original value of initial and subsequent gift amounts donated to the fund and/or other requirements in accordance with donor directives. Income distributions for new gifts to the endowment fund will not be eligible for a minimum of three years after receipt, assuming the FMV is 100% or greater than the contributed value at that time. Should a sub-fund be underwater, United Way of Berks County will use a step-down appropriation method to slow the allocation from the endowment until the principal has been restored. No distributions will be made from an endowed fund that is considered underwater by more than 15%. Further, once distributions have been suspended from an underwater endowment, the annual appropriations will not resume until the fair market value has been restored to the initial principal value.

For years ending December 31, 2022 and 2021, the Organization had no endowment sub-funds considered to be underwater. At December 31, 2022 and 2021, all gifts in the fund are eligible for distribution.

NOTE 13 - PAYMENTS TO AFFILIATED AGENCIES

In accordance with the membership criteria of United Way Worldwide, 1.5% of total unrestricted support from the previous year is shared with United Way Worldwide. Additionally, an amount is shared with United Way of Pennsylvania. Payments made to United Way Worldwide and United Way of Pennsylvania for the years ended December 31, 2022 and 2021 amounted to \$285,941 and \$197,609, respectively.

NOTE 14 - COMMITMENTS

The Organization has committed \$7,247,854 of contributions for the next investment period to various partner agencies. The resources used to fulfill this commitment are largely reflected in the net assets with donor restriction balance.

NOTE 15 - RETIREMENT PLANS

Defined Contribution Plan

The Organization maintains a 403(b) Defined Contribution Plan for all employees. Under this Plan, a participant shall be 20% vested after one year and 20% each year thereafter. An employee shall be considered 100% vested after five years or upon the attainment of age 55, whichever occurs first. The employer has the sole right to determine the amount of any discretionary employer matching contributions annually. During 2022 and 2021, the Organization made contributions of \$76,777 and \$86,118, respectively, to the Plan.

Deferred Contribution Plan

Effective November 1, 2017, the Organization implemented a 457(b) Retirement Plan which is a nonqualified deferred compensation plan for key employees. Participants of the plan may elect to defer a portion of the cash compensation that would otherwise be paid to each participant. Employer contributions of \$5,846 and \$6,584 were made to the plan in 2022 and 2021, respectively. The Plan assets of \$31,752 for years ended December 31, 2022, and 2021 are included with cash and equivalents on the statements of financial position with the liability included with accounts payable and accrued expenses.

An additional \$2,842,894 and \$3,227,279 was distributed through other grant programs for the years ended December 31, 2022 and 2021, respectively.

NOTE 17 - LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES

Liquidity Management

The Organization maintains a policy to ensure its financial assets are available to meet its expenditures and other obligations with a goal to maintain balances to meet two to four months of ordinary business expenses. Excess operating cash not needed for operations will be invested in a short-term CD ladder program with various banks and/or other short-term investments as allowed in the Organization's Investment Statement Policy. The Organization maintains an Operating Reserve Account that is invested as a long-term asset in a conservative manner with a 50/50 asset mix. Assets from the Operating Reserve Account can be converted to cash as necessary. The Organization's endowment investments consist of donor-restricted and a Board designated endowment. Income for donor-restricted endowments is restricted and not available for general expenditures. United Way of Berks County does not intend to spend from its Board designated endowment other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation process; however, if deemed necessary by the Finance Committee and approved by the Board of Directors, amounts from its Board designated endowment could be made available. United Way of Berks County does not currently utilize a line of credit nor other operating loans from financial institutions to support operations.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**To the Board of Directors
United Way of Berks County, Inc.
Reading, Pennsylvania**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of United Way of Berks County, Inc., which comprise the statement of financial position as of December 31, 2022, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 9, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered United Way of Berks County, Inc.'s internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of United Way of Berks County, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of United Way of Berks County, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way of Berks County, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
