

CONNECT. INVEST. LEAD.

BERKS UNITED FOR BETTER.

UNITED WAY
Berks County

When you look around the community, there's always an opportunity to do more – every neighbor needs a friend. Yet, overcoming obstacles like food insecurity and financial hardship around Berks can seem like too much for one person to impact alone.

But you don't have it to do alone – we can be united.

We bring people together, so no one faces life challenges alone. By investing in trusted local partners and leading initiatives to empower youth, strengthen health, build stability, and support in times of crisis, we help families get through today and thrive tomorrow.

When you give to United Way, you're building a stronger community for all.
