UNITED WAY CAMPAIGN

We are grateful for the caring spirit that unites us for a stronger community.

In place of United Way company meetings this year, we will be holding a "rollover" campaign.

If you are currently donating to United Way via payroll deduction or bill at home, your pledge will automatically be renewed for this year's campaign. New payroll deductions/billings will begin in January.

This allows United Way to continue its support of 80+ programs and services through 33 agency partners, grants and initiatives to help those in greatest need.

If you would like to:

- **make any changes to your current pledge**
- **opt out of the rollover**
- **become a new donor**

please request a pledge form from

by

Thank you for continuing your pledge.
